PUBLISHED EVERY SUNDAY BY S.C. BAGG

Subscription Rates:
One year.....\$4.00
Six months.....2.50
Delivered by carrier to any part of the city for 35 cents per month.

It is a strong point against the Woman Suffragists that they are afraid to allow women to decide for themselves whether or not they want the ballot.

A BILL was passed by the Territorial legislature just adjourned requiring all persons killing beef for sale to pay a yearly license of \$50.

The land court will very properly provide that no attorney resident of a territory shall be appointed upon the commission.

The enlistment of Apaches in the cavalry service is the most unmerciful act yet perpetrated by the general government upon the people of the southwest.

For thirty years editor Hackney, of the Globe Silver Belt, has been battling for his section of the Territory. At 76 years of age he still wields the faber, guided by a clearer brain than many younger members of the profession.

The people in their selection of delegates to the constitutional convention should understand the great importance of choosing those men whose ideas are not warped by religious fanaticism or class bigotry.

The convention to frame a constitution for Arizona should be composed of broad minded men; cranks should be left at home. We cannot afford to elect at the polls a constitution which would be any rougher to sail under than the present organic act. Anything less liberal will be smothered and denied a decent burial.

The total value of the precious metals exported from the Alaska territory up to the present time reaches \$4,000,000, the annual production of gold dust and bullion for 1890 being \$700,000.—N. Y. Press.

When we take in consideration that Cochise County produced over a million dollars in gold, silver and lead during the same period, it should "Make us rather bear those ills we have, Than fly to others that we know not of."

The Globe Silver Belt objects to going into the Union of states because Arizona is so heavily in debt, and on another page announces in different columns, a horse race, prize fight, running match, base ball game and a circus, all to take place during the present week. With such an array of civilized society events, most any section of Arizona would be content to have their courts held in China, their governor sent from Egypt and Apaches to keep them on the defensive.

The constitutional convention of New Mexico was held last year. The "intelligent" portion of the community alone went to the polls and selected the men which constituted that body. A constitution was framed. It was away ahead of anything of the sort ever heard of by residents of the gulches and canyons of our sister Territory. It sought to bar out immigration and disfranchised the majority of those who had settled in the valleys and mountains to take their chances with others who had acquired a longer residence in the country. The constitution of the United States looked like a sieve and the old Testament was a total wreck when the infant was born and sent out to struggle with the wicked world. Its struggles were short however for the untutored mind of the miner and prospector, the cowboy and farmer failed to see in the new production any elements of merit and they quietly laid it away under a flood of negative ballots. Let us hope that Arizona may profit by the recent experiment in our sister Territory.

SALARY \$25 PER WEEK—Wanted good agents to sell our general line of merchandise. No peddling. Above salary will be paid to "live" agents. For further information address—Chicago General Supply Co., No. 178 West Van Buren St., Chicago, Ill. w.

H. W. Hasselgren has opened a butcher shop in the building recently occupied by Bob Hennessy. He kills his beef on the ranch and brings it to Tombstone and asks a share of the patronage of the citizens of Tombstone.

MINING NOTES.

In conversation with Mr. Seaverns who has just returned from Boston, it was learned that no change at the mines at Turquois in which he is interested will take place. Work will go along about as it has.

The Randolph mine changed hands today and will start up again under the management of Bausfield and Warner. The former was appointed agent of the company a short time ago and it is stated that the company will work it themselves.

The work on the Mamie dumps is progressing with good results. The concentration of the screenings with buddles is proving both economical and profitable.

Dick Trezona and parties are chloriding the Bonanza near Last Chance and they are not dissatisfied.

A whim is being erected on the claim being worked by Gage and Banning in the same quarter of the district.

The lessees of the Juniata have been getting down to business with good prospects until yesterday when they had a falling out and work will not be resumed until Justice Alvord decides to-morrow for them who is right. In the meantime the cash rent runs along as serenely as molasses in July.

No Good.
John Kelso returned last night from the gold diggings in Sonora which have created such an excitement in this section. He went there partly to satisfy himself, and partly in the interest of friends who had confidence in his judgment. The report he brings back is anything but favorable. He remained four days in the vicinity of the diggings and prospected them thoroughly. He also observed what others were doing and states that no man is making more than \$1.50 per day. There are about fifty Americans and one hundred Mexicans there and all the white men who can are getting out.

Old John Parr is there waiting for Billy Pump to get back. Mr. Kelso met the latter going down.

Bed rock is near the surface and is a smooth hard granite. The extent of the ground is a half mile on each gulch.

Many Americans down there sent word to friends up this way not to come down.

Four men who were the first Americans in there, have been rooking for a month and have not made a cent and have quit in disgust.

Mr. Kelso will not go back and he advises all of his friends to stay away.

Railroad News.

Major Montandon came up from Benson to-day on business and returned on the one o'clock stage. He returned from the east last week. When asked regarding the effect of the fare bill upon the N. M. & A. road, with which he has been connected since the first spike was driven, he said that it was a good law and that his company had contemplated for several months the placing of the fare at five cents, the same as on the S. P. He thinks the company still entertains the idea and will go the legislative one cent better. On the rumored building of a road from Silver City to Benson, Mr. Montandon stated that he met the projectors of the road and rode with them in the same sleeper into Chicago. He thinks they are in earnest but they did not appear to be sanguine of success. The road from Deming to Topolobampo is however a settled fact. He talked with gentlemen in Chicago who were connected with the enterprise and everything is about ready to start.

The funeral of Wm. Clancy took place this afternoon and was largely attended by friends and acquaintances.

The Oso Negro stage brought up its usual load to-day.

Do you want to save from 25 to 50 cents on every dollar you spend? If so write for our illustrated catalogue containing illustrations and prices of everything manufactured in the United States, at manufacturers' prices. 10,000 illustrations, all lines represented. Catalogue mailed free on application. Address—Chicago General Supply Co., No. 178 West Van Buren St., Chicago, Ill. 4.1.91.

Just received—The choicest brand of California Zinfandel, old Port wines, Sherry wine, Gutedel wine, Angelica wine and a full line of choice family liquors at H. C.

Mr. Hoefler has received seed of the esparsette-sainfoin, a forage plant that is attracting a great deal of attention at the present time. It is claimed to be especially adapted to dry countries, and is said to be superior to lucerne or alfalfa.

A prominent physician and old army surgeon in eastern Iowa was called away from home for a few days; during his absence one of the little children contracted a severe cold and his wife bought a bottle of Chamberlain's Cough Remedy for it. They were so much pleased with the remedy that they afterwards used several bottles at various times. He said, "from his experience with it, he regarded it as the most reliable preparation in use for colds, and that it came the nearest being a specific of any medicine he had ever seen. For sale by H. J. Peto, Drug-gist."

IF YOU HAD A FRIEND

About to visit some portion of country where material disease, either in the form of chills and fever or billousness, is a particular affliction, what would be about the best advice you could give him? We will tell you—buy a box of Chamberlain's Cough Remedy. Bitters, known throughout malarial regions, here and in other countries, as the surest means of guarding the system against the fever of its fall, and as a remedy for its effects. It is a powerful purgative, and it is a powerful and reliable auxiliary.

E. E. BURLINGAME'S ASSAY OFFICE & CHEMICAL LABORATORY
Established in Colorado, 1886. Samples by mail or express will receive prompt and careful attention. Gold & Silver Bullion refined, melted and assayed, or purchased. Address, 1736 & 1738 Lawrence St., Den. 1. Col.

Do Not suffer Any Longer.
Knowing that a cough can be checked in one day and the first stages of consumption broken in a week, we hereby guarantee Dr. Acker's English Cough Remedy and will refund the money to all who buy, take it as per directions, and do not find our statement correct.

SALESMAN.—An energetic man wanted to push our manufactures on this ground. One of our agents earned \$5,200 in '89. Address P. O. Box 1371, New York.

Consumption cured.
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, and a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp naming this paper, W. A. Noves, 820 Power's Block, Rochester, N. Y. 1. 18, 1 y'r w.

Emil Sydow has on exhibition at his Bonanza Cash Store an engraving showing the annual burning of garden seeds left over at the close of the season at D. Landreth & Co.'s garden seed farm, Philadelphia. D. Landreth & Co. also instruct their agents to do likewise, thereby insuring their customers fresh seeds every year. For an additional precaution every package of their seeds is dated. They are the oldest seed firm in the United States, being established since 1784, and are very jealous of their reputation.

A full and complete assortment of these seeds at Emil Sydow's Bonanza Cash Store. ja27-d&w3t

Disorders Which Affect the Kidneys.
Are among the most formidable known. Diabetes, Bright's disease, gravel and other complaints of the urinary organs are not ordinarily cured in severe cases, but they may be cured by timely re-education. A useful stimulant of the urinary glands has been found in Hoefler's Stomach Bitters, a medicine which not only affords the requisite stimulus when they become inactive, but increases their vigor and secretory power. By increasing the activity of the kidneys and bladder this medicine has the additional effect of expelling from the blood impurities which it is the peculiar office of those organs to eliminate and pass off. The Bitters is also a purifier and strengthener of the bowels, an invigorant of the stomach and a matchless remedy for biliousness and fever and ague. It counteracts a tendency to premature decay, and sustains and comforts the aged and infirm.

WANTED.—Agents for the Economy Fuel Burner. Cheap and best of the kind in the market. Address P. O. Box 583, Maha, Neb.

SALESMEN WANTED
Small line of samples from manufacturing corporation offered a live man. One traveller earned an average of \$350 per month for six years past. P. O. Box 331, New York.
